MEMORANDUM FOR: [REDACTED]

SUBJECT : CIA Retirement Board

I wish to forward the attached nomination [REDACTED] with a covering memorandum to the CIA Retirement Board and ask that you prepare the proper memorandum for this purpose. I want to point out that the Act provides for eligibility through domestic service in support of overseas operations, a part of the Act equal legally for qualification as overseas service itself which is designated through the scale of years of service and not the type of work performed. I want to urge the Board to come to an early decision on individual cases which will serve as criteria for others who may also be eligible by virtue of the same type of service, or the Board should establish approved principles by which eligibility through domestic service can be determined. I wish to point out that in the DD/S there are a number of employees who may qualify through the provisions of domestic service. There are also a fair number of employees outside of DD/S who may be in this same position. It is important that these employees have the benefits of early decisions so that they can begin planning their career retirement program. It would be quite unfair to delay these decisions until an individual case is considered shortly before retirement itself may begin. This contradicts the established policy and programs of the Agency urging all employees to plan for their retirement career.

25X1

While I recognize that the Board has had a heavy workload imposed upon it and it has worked long and hard to conduct the initial screening, these types of cases should not be further delayed as by now the Board should have acquired enough information to pass judgment on cases and establish the necessary criteria.

[REDACTED]
R. L. Bannerman
